

# PUMPKIN Ale

**Smuttynose Pumpkin Ale** is our homage to New England's original brewers, a tip of the cap to historic beer recipes calling for the use of pumpkins that date back to early colonial times. It's also a beer we're fiercely proud of – in a sea of imitators, it continues to stand out. Just like Smuttynose itself.

Brewed with real pumpkin and traditional spices – think cinnamon, nutmeg and clove – it's a hearty, deeply balanced ale with a cornucopia of fall aromas to match a flavor profile that's robust and complex without being overwhelming.

This is a beer with complements of pumpkin – not the other way around. And we wouldn't have it any other way.
