PHAT GRASSHOPPER

Mint Chocolate Milkshake Ale brewed
with Lactose, Mint & Chocolate

Are you sitting down? You should sit down. Because you're about to quaff a liquid that'll change the way you think about how good beer can look, smell and taste. Introducing **Phat Grasshopper**, a mint-y, chocolate-y, milkshake-y pale ale infused with just enough lactose, cocoa nibs and mint leaves to leave you scratching your head and drooling for more.

Pouring a stunning golden straw color with a rich mouthfeel, Phat Grasshopper is everything Smuttlabs stands for: fun, flavor, innovation. This is dessert in beer form – but don't let that stop you from having more than one serving.
